

# GTA CRYPTO AMBASSADOR PROGRAM

## Core Participation Logic

Each ambassador receives a unique referral link. All users who purchase \$GTA tokens using your link will generate a 10% commission based on their purchase amount. This allows you to directly monetize your audience.

## Additional Earning Opportunities

We also consider applications for fixed payments for content:

- Compensation is available for publications (news, reviews, banners);
- The first week is a trial period, after which the ambassador receives a fixed reward within a pre-agreed range;
- Further compensation is discussed individually and may include both fixed fees and performance-based bonuses depending on audience engagement.

## What We Provide

- Ready-to-use materials: banners, texts, press releases;
- Ongoing support from the GTA Crypto team;
- Joint planning of content to maximize reach and value.

## Who Can Apply?

- Content creators, bloggers, and community admins in the gaming and GameFi space;
- Individuals with their own audiences (regardless of size — both large and niche groups are welcome);
- Website owners, YouTubers, Telegram channel admins, X (Twitter) creators, and more.

## How to Apply

- Contact us via X (Twitter) or any preferred social media platform;
- Include a link to your platform and a short summary of your stats (followers, reach, audience type);
- There is no application form on the website — selection is done through direct communication.

## What Does “Open but Selective Program” Mean?

- We welcome applications from everyone;
- Selection is done manually — we choose ambassadors whose content and audience best align with GTA Crypto;
- If you’re not approved right away, you're welcome to improve your proposal and apply again later.

## Ambassador Responsibilities

- Publish content about GTA Crypto (news, announcements, reviews, banners);
- Frequency and format are agreed upon individually;
- Ensure your publications are up to date and cover key project milestones.

## How Is Payment Made?

- Once approved, compensation details are discussed (fixed fees, referral-based bonuses, payout formats);
- Payments are made in USDT or other agreed methods;
- Payment is issued regularly according to a prearranged schedule.

## Program Duration

This is a long-term program. You can remain an ambassador as long as you actively collaborate with the project and meet the agreed terms. We aim for sustainable partnerships and mutual growth.
